## About me

A driven and hard-working Bristol undergraduate, concurrently doing two internships and organising the University of Bristol's first TEDx conference. Proven experience developing, running and marketing websites. Pro-active and keen to learn, looking to apply experience of technology, marketing, sales, social media and SEO practices to future employment.

## Experience

**Cyber security summer intern** 2016  
 PwC  
 Worked in the cybersecurity team on FTSE100 clients. Gained experience conducting penetration testing. Conducted resource review and presented to client and senior partner. Offered a graduate job following internship.

**Web intern** 2015-16  
 University of Bristol Public Relations Office  
 Answered queries from a range of academic and Professional Services staff across the University. Gather, create, and edit content for websites and social-media channels. Use HTML to implement design elements. Work with technical systems including the T4 CMS, Mailchimp, Eventbrite, Google Analytics and Wordpress.

**Founder & Director** 2013-16  
 Dance Music Design  
 Built a limited company (<http://www.dancemusicdesign.net>) selling a series of music tutorial products. Developed a website in HTML & CSS. Researched and implemented potential direct and indirect marketing approaches.

**Intern** 2015-16  
 PolicyBristol  
 Assisted in promoting the policy-relevant social science research of academics to relevant stakeholder groups within policy making.

**Organiser** 2016  
 TEDxUniversityofBristol  
 Part of a team organising the University of Bristol's inaugural TEDx conference. Brought technical expertise and innovation to the team.

- Volunteer, WebSummit, 2016**
- IT Risk Assurance intern, PwC, 2015**
- User tester, Whatusersdo, Usertesting, 2015**

## Competencies

★ Excel	★ HTML	★ CSS	★ Javascript / JQuery
★ Microsoft Office	★ Visual basic	★ Web design	★ Graphic design
★ Wordpress	★ E-commece	★ Project management	★ Cyber security
★ Startups	★ SEO	★ Online marketing	

## Other relevant skills

### Languages

- Studied Italian at A Level and French to GCSE.

### Business awareness

- Through combining my interest in business and electronic music production, I sell templates and tutorials on my website: (<http://www.dancemusicdesign.net>)
- Experience researching competitors, developing products and marketing a business.

### Communication

- I have strong writing and analytical skills (awarded firsts in all Year 1 assignments).
- I have written music ebooks and I have experience of directly emailing customers and media outlets.

### Organisation

- I am currently doing two internships at the University of Bristol, alongside my degree, and I was awarded a top first in Year 1. Managing co-curricular activities, my business interests and my studies has further developed organisational and time management skills.

## Interesting facts

- Local Organiser for Open Rights Group (ORG) in Bristol.
  - Enjoy running - ran a 100km ultra marathon from London to Cambridge to raise money for Mind.
  - Enjoy coding, business, web design and politics.
  - Dance music aficionado!
-
